New and Rare Gladiolus

Fall 1931  Spring 1932

I am making a specialty of only the new and rare and have but a very short list to offer this season. All stock offered, subject to prior sale. I send out only disease free, first quality, stock, guaranteed true to name. Those who have bought from me in the past, know the treatment they will receive, but for the benefit of those who have never had any dealing with me, will say, if the quality, size and liberal count, is not all and more than you expected, you are at liberty to return the stock at my expense and I will refund your money.
